

## **Dimension Data LTD Information Security Management System Policy Statement (05001/2022)**

### **Information Security Policy**

Dimension Data LTD is committed to the confidentiality, integrity and availability of her information assets and those of its customers and shall implement measures through the establishment, implementation, maintenance and continual improvement of an information security program to protect the organization's information assets against all threats.

Management of Dimension Data LTD demonstrates commitment and support for information security throughout Dimension Data LTD.

This policy is applicable to all Dimension Data LTD employees, contractors, vendors, and other parties, and covers all information entrusted to or owned by Dimension Data LTD and stored, processed, or transmitted on the organizations information systems and operated by the organization.

#### **Dimension Data LTD Information Security Objectives:**

- ▶ **Protect all Dimension Data LTD critical information assets and strategic processes.**
- ▶ **Achieve 80% stakeholders' security awareness culture within one (1) year.**
- ▶ **Ensure all information security requirements are captured in projects through a Non-Disclosure Agreement.**

All users and custodians of information assets owned by or entrusted to Dimension Data LTD shall comply with this policy and exercise a duty of care in relation to the storage, processing, and transmission of the organization's information and information systems.

Dimension Data LTD shall comply with all applicable legal, regulatory and contractual requirements related to information security in her services and operations and is committed to the improvement of its Information Security Management System (ISMS).

This information security policy states management's commitment for the actualization of Dimension Data LTD security objectives. This policy is supported by various other information security related policies.
